Build with us!

Help build strong, vibrant communities where families will have a safe and decent place to call home.

The ultimate team building experience!

Build with us!

Your team members will roll up their sleeves and come together to build a home on a Habitat for Humanity Southern Alberta build site. Together we can support families build strength, stability, and independence through affordable homeownership.

Participants of all skill levels are welcome and no construction experience is required! This one-of-a-kind engagement opportunity offers your organization a chance to invest in your employees while making a real difference in the lives of hard-working families in your community. Your team will learn useful skills as they work side-by-side in a safe environment following the leadership of experienced Habitat staff and volunteer Crew Leaders.

Whether your team has never swung a hammer or already have some knowledge about construction, all are welcome to participate in our Build Day program.

- Give your employees a unique team-building experience.
- Provide a fun and interactive way to give back to the community.
- Cultivate an energetic and unified workforce.
- Enhance your company's brand by showcasing your involvement in the community.

How Build Days work

We take care of it all from registration to tool belts, all you have to do is show up!

We are happy to announce that we now have two build options to choose from.

Option #1 - Large Team

Minimum contribution of \$7,500

Limit of 18 participants per day.

Option #2 - Small team

Minimum contribution of \$6,000

Limit of 12 participants per day.

Your corporate sponsorship will help build Habitat homes by contributing to the purchase of materials and land, which supports the construction costs and directly benefits a Habitat family. An investment in a Habitat Southern Alberta build is an investment in your team members, your community, and your corporate brand.

For information regarding Build Day availability please email our Event & Engagement Coordinator, Erin Farner at events@habitatsouthernab.ca or call (403) 253-9331 ext. 228

Fundraising for your Team Build?

We have an online platform and toolkit for participants interested in individually fundraising to collect donations towards their company or group's goal. Your Build Day Coordinator is happy to provide you with more information!

Your Day at a glance

START - 8:30 am

Build Days run Tuesday to Saturday every week.

Orientation with the Construction Manager and hands-on training.

- Tools and safety equipment are provided.

Habitat provides a commemorative Build Day t-shirt and team photo.

LUNCH - 12:00 pm

Lunch and snacks provided throughout the day. Water will be provided on-site, but we encourage you to bring your own water bottle.

END - 4:00 pm

Your team's safety is our top priority! Our staff and volunteers ensure your safety throughout the day. All participants are suited up with safety gear, trained and coached through a variety of construction tasks, while having fun.

About Habitat

Habitat for Humanity Southern Alberta is a non-profit organization that brings the community together to help families build strength, stability and independence through affordable homeownership. We envision a world where everyone has a safe and affordable home.

In addition to Calgary, we operate across Southern Alberta in communities such as: Airdrie, Medicine Hat, Brooks District, Foothills and Mountain View County. We are part of the global Habitat for Humanity network.

400+ & 1200+
families children

Since 1990, we have partnered with more than 400 families across Southern Alberta, changing the lives of over 1,200 children.

How we help families

With the support of donors, sponsors, community partners, and volunteers, we build homes alongside future Habitat homeowners to provide a foundation for secure, independent, and healthier futures.

Families purchase their homes with no down payment and no interest, and mortgage payments are guaranteed to never exceed 30 percent of each family's total household income.

no down
payment

no interest

Who you help:

Sarah and Jesse's story

Home ownership is something that we have always desired but never considered possible at the current stage of our life. After we finished post-secondary, we worked hard at paying off student loans before starting our family.

As our family continued to grow and the demand of having one parent at home increased, we found ourselves putting off the idea of owning a home – saving for a down payment was becoming more and more difficult.

When we found out our rental would only be available for one more year, we began to look into other housing options in the area.

At this point, we realized an affordable rental for our family would mean moving away from family support, changing schools for our kids, and being farther from work.

When we ended up getting the call to say our family had been approved for an affordable mortgage, we were thrilled! Being matched with a home just minutes away from our current residence was incredible.

We are so excited that we get the opportunity to partner with Habitat. We cannot say thank you enough!
